[Schedule inserted by Act 6 of 2011]

1. Interpretation in Fifth Schedule

In this Schedule—

“**enterprise of the sector or subsector concerned**” means an enterprise operating within a sector or subsector of the economy specified in the first column of the Fourth Schedule.

2. Formula for use in classifying enterprises

For the purposes of this Act, a reference to a “micro-enterprise”, “small enterprise”, or “medium enterprise” operating within a sector or subsector of the economy specified in the first column of the Fourth Schedule shall be construed as meaning any enterprise of such a size as is determined in accordance with the following formula—

A+B+C

whose meaning and application is further described in the following paragraphs.

3. Meaning of factors “A”, “B” and “C”

The factors “A”, “B” and “C” represent respectively the average maximum total number of full-time employees during any calendar year of an enterprise, the maximum total annual turnover of an enterprise and the maximum gross value of the assets (excluding immovable property) of an enterprise.

4. Intended result of formula

Each of the factors “A”, “B” and “C” is assigned a predetermined number of points, such that if the total sum of the formula as applied to any particular enterprise is nine (9) points or less, the enterprise in question shall, in accordance with paragraph 6, be deemed to be a “micro-enterprise”, “small enterprise”, or “medium enterprise”, as the case may be.

5. Weighting to be assigned to factors “A”, “B” and “C”

Points are assigned to each factor on the following basis—

“A”: if an enterprise of the sector or subsector concerned—

- (I) employs on average during any calendar year more than the maximum number of full-time employees specified for a medium enterprise in the sector or subsector concerned, this factor is worth five points;
- (II) employs on average during any calendar year not more than the maximum number of full-time employees specified for a medium enterprise in the sector or subsector concerned, but more than the maximum number of employees specified for a small enterprise in the sector or subsector concerned, this factor is worth three points;
- (III) employs on average during any calendar year not more than the maximum number of full-time employees specified for a small enterprise in the sector or subsector concerned, but more than the maximum number of employees specified for a micro-enterprise in the sector or subsector concerned, this factor is worth two points;
- (IV) employs on average during any calendar year not more than the maximum number of full-time employees specified for a micro-enterprise in the sector or subsector concerned,, this factor is worth one point;

“B”: if the maximum total annual turnover of the enterprise concerned—

- (I) exceeds the maximum annual amount specified for a medium enterprise in the sector or subsector concerned, this factor is worth five points;
- (II) does not exceed the maximum annual amount specified for a medium enterprise in the sector or subsector concerned, but is more than the maximum annual amount specified for a small enterprise in the sector or subsector concerned, this factor is worth three points;
- (III) does not exceed the maximum annual amount specified for a small enterprise in the sector or subsector concerned, but is more than the maximum annual amount specified for a micro-enterprise in the sector or subsector concerned, this factor is worth two points;
- (IV) is equivalent to or less than the maximum annual amount specified for a micro-enterprise in the sector or subsector concerned, this factor is worth one point;

“C”: if the maximum gross value of the assets (excluding immovable property) of the enterprise concerned—

- (I) exceeds on average in any calendar year the maximum annual amount specified for a medium enterprise in the sector or subsector concerned, this factor is worth five points;
- (II) does not exceed on average in any calendar year the maximum annual amount specified for a medium enterprise in the sector or subsector concerned, but is more than the maximum annual amount specified for a small enterprise in the sector or subsector concerned, this factor is worth three points;
- (III) does not exceed on average in any calendar year the maximum annual amount specified for a small enterprise in the sector or subsector concerned, but is more than the maximum annual amount

specified for a micro-enterprise in the sector or subsector concerned, this factor is worth two points;

- (IV) is, in any calendar year, equivalent to or less than the maximum annual amount specified for a micro-enterprise in the sector or subsector concerned, this factor is worth one point.

6. Classification of enterprises as obtained by applying formula

Any score of—

- (a) ten points or more disqualifies the enterprise concerned for the purposes of this Act;
- (b) eight or nine points qualifies the enterprise concerned as a “medium enterprise”;
- (c) five, six or seven points qualifies the enterprise concerned as a “small enterprise”;
- (d) three or four points qualifies the enterprise concerned as a “micro-enterprise”.
