GOVERNMENT GAZETTE

Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in —

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *etcetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy —

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if —

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy —

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations—Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out —

- (a) the name and address of the advertiser; and
- (b) the debtor's code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions —

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

GOVERNMENT GAZETTE

Authorized Scale of Charges, Times of Closing and Subscription Rate as from 1st April, 2019

Charges for statutory instruments

THE charge for printing statutory instruments is USD0,07 per A5 page and USD0,14 per A4 page multiplied by 2 000 (being the number of copies printed).

Charges for advertisements including general notices

THE area of advertisement multiplied by USD0,80.

Notices which have to appear in tabular form across the full width of the page, such as lost insurance policies, deceased estates, insolvent estates, company liquidations, notices in terms of the Insolvency Act [*Chapter 6:04*], changes of companies' names: US\$30,00 cash per entry.

Notices of intention to alienate a business or the goodwill of a business or any goods or property forming part of a business, otherwise than in the ordinary course of business shall cost USD120,00 cash for the three consecutive publications.

Except in the case of approved accounts, remittances must accompany all copy of advertisements, failing this, copy will be returned with an assessment of charges.

Times of closing

The *Gazette* closes for the receipt of copy for all notices to be published in the normal columns, and for statutory instruments at 11 a.m. on the Monday preceeding the Friday of publication.

Copy for all notices to be set in tabular form must be received by 11 a.m. on the Friday preceeding the Friday of publication.

Any copy which is received after the respective closing-times will automatically be held over for insertion in the *Gazette* of the following week, in which case no responsibility can be accepted if the purpose of the notice is thereby nullified.

When public holidays occur, the normal closing-times are varied, and such variations are notified in the *Gazette* in advance.

All copy must be addressed to Printflow (Private) Limited, and either posted to P.O. Box CY 341, Causeway, or delivered direct to the company, in George Silundika Avenue (between Sixth Street and Epton Street), Harare. Envelopes should be marked: *Gazette* copy—urgent.

Regular advertisers and subscribers are requested to advise immediately of any change of address.

Subscription rate

The subscription rate for the *Gazette* for half year is RTGS\$720,00 for soft copy and RTGS\$1200,00, for hard copy cash/swipe/EcoCash/transfer payable in advance, to the Chief Executive Officer, Printflow (Private) Limited, and may commence with the first issue of any month.

M. MUTETE,
Publications Officer.

GOVERNMENT GAZETTE

Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to

submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,
Gazette Editor.

NOTICES OF LIQUIDATION AND DISTRIBUTION ACCOUNTS LYING FOR INSPECTION
(pursuant to section 52 of the Administration of Estates Act [Chapter 6:01])

Notice is hereby given that copies of liquidation and distribution accounts in the under-mentioned estates will be open for the inspection of all persons interested therein for a period of 21 days (or longer if stated) from the dates specified, or from the date of publication hereof, whichever may be the later. Accounts will lie for inspection at the offices specified below. Objections to an account should be lodged with the Master, Harare, or the Assistant Master, Bulawayo, as the case may be. Should no objections be lodged to the account during the period of inspection, the executor concerned will proceed to make payments in accordance therewith.

DIGITAL TERRESTRIAL TELEVISION BROADCASTING SERVICES

4. General.
5. Supply of television receivers.
6. Rights and duties of broadcasters, multiplex operators and signal carriers.
7. Allocation of frequencies.
8. Licensing of digital television service.
9. Powers of the Authority.
10. Offences and penalties.

SCHEDULE: Digital Television Standards (470-694 MHz).

It is hereby notified that the Minister of Information, Publicity and Broadcasting Services has, in terms of section 46 of the Broadcasting Services Act [*Chapter 12:06*], approved the following regulations made by the Broadcasting Authority of Zimbabwe Board: —

PART I

PRELIMINARY

Title

1. These regulations may be cited as the Broadcasting Services (Digital Terrestrial Television Broadcasting Services) Regulations, 2020.

Interpretation

2. In these regulations —

“Act” means the Broadcasting Services Act [*Chapter 12:06*];

“authority” means authority defined in terms of section 3 of the Act;

“analogue television broadcasting” means a television broadcasting service that utilises the analogue system of transmission;

“analogue television set” means a television set that does not have a digital tuner to the standards specified in these regulations;

“Broadcaster” means any person licensed to provide any class of broadcasting service;

“Digital television broadcasting” means a television broadcasting service that utilises the digital system of transmission;

“Digital television set” means a television set that has a digital tuner to the standards specified in these regulations;

“Head-end operator” means the entity that is responsible for aggregating the content of licensed broadcasters for distribution to the transmitter sites;

“HEVC” means High Efficiency Video Coding in accordance with ISO/IEC 23008-8;

“High Definition Television (HDTV)” means the television picture quality as defined in the MPEG 4 standard for High Profile @ Level 4.0;

“licensee” means a broadcasting service licensee or a signal carrier licensee;

“multiplex” means content aggregated to be carried on a single frequency to its capacity of the equivalents of six high definition channels;

“multiplexing” means aggregation of the content of licensed broadcasters for distribution to the transmission network;

(16) The receiver shall have the following buttons power, channel change, volume buttons must be separate.

(17) The receiver shall be provided with the following accessories English user manual, infra-red remote control, RCA (1.5m), Power Cable (1.5m), remote control batteries.

(18) The receiver shall have a warranty of 12 months.

Broadcasting Services (Digital Terrestrial Television Broadcasting Services) Regulations, 2020

(4) All television receivers shall comply with all DVB-T2 modes of operation.

(5) All television receivers shall be capable of decoding the HEVC/H265 ISO/IEC 23008-8: Conformance Specification for HEVC, MPEG-4 standard in accordance with ISO/IEC 14496-10 for image coding and ISO/IEC 14496-3 or TS102366 for sound coding using HE-AAC.

8. (1) The television receiver shall support the reception of the following picture resolutions:

- (a) 720x576i/25Hz;
- (b) 1280x720p/50Hz; and
- (c) 1920x1080i/25Hz

(2) The set-top-box shall support the PAL G video format.

(3) The television receiver shall be capable of handling both the 4:3 and 16:9 aspect ratios.

(4) The television receiver shall be capable of supporting teletext, subtitling, open and closed captioning, and the use of multiple languages.

(5) The television receiver shall support Electronic Programme Guide information for up to seven days including NOW and NEXT programmes.

(6) The television receiver shall automatically follow network parameter changes.

(7) The television receiver shall be capable of being upgraded through off-air and USB port software upgrade.

(8) The existence of FEFs and/or auxiliary streams shall not cause the receiver to malfunction.

(9) The television receiver shall provide reception quality information (both Status Check and Advanced Check) for a selected frequency.

(10) The television receiver power supply shall be 220V–240V 50Hz and 12V DC.

(11) Video Audio output shall be RCA and HDMI.

(12) The receiver shall have ISO 9001 Quality Certification.

(13) The receiver shall have Parental Guidance Support Programme Rating Control (ETSI 300468).

(14) The Receiver shall have USB socket for other media and PVR Function.

(15) The receiver shall have front display LED for STB status (time, channel number).

“MPEG 4 standard” means a joint technical committee of the International Organisation for Standardisation (ISO) and the International Electrotechnical Commission (IEC);

“National Head-end” means a facility where the channels of all licensed broadcasters are received, multiplexed for distribution to the transmission network;

“plan” means the digital television frequency allotment plan;

“Set-top-box” means a television receiver which is capable of converting the digital television signal to an analogue television signal to allow for continued use of existing analogue television sets;

“Signal Carrier” means Signal Carrier defined in terms of the Act;

“Standard Definition Television (SDTV)” means the television picture quality as defined in the MPEG 4 standard for Main Profile @ Level 3;

“supplier” means any person who engages in the distribution of television receivers whether free of charge or at a cost to the recipient;

“television receiver” means a digital television set or a set-top-box;

“terrestrial” means ground based or located on the earth’s surface; and

“transition period” means the period of six months after the switching on of a digital transmitter in any given area.

Application

3. These regulations shall apply to all terrestrial television broadcasting licensees, signal carrier licensees and to suppliers of television receivers.

PART II

DIGITAL TERRESTRIAL TELEVISION BROADCASTING SERVICES

General

4. (1) Every terrestrial television broadcasting licensees and every signal carrier licensee to which these regulations apply shall—

- (a) ensure that all television studios installed prior to the date of commencement of these regulations are capable of providing a digital signal of the format set out in these regulations;
- (b) ensure that all television studios installed after the date of commencement of these regulations are compliant with the standards set out in these regulations; and
- (c) comply with the relevant standards set out in the Schedule to these regulations.

(2) Any specific standard referred to in these regulations shall be available for inspection at the authority's premises.

(3) Any person who contravenes the provisions of this section shall be guilty of an offence and liable to a fine not exceeding level 12 or to imprisonment for a period not exceeding twenty years or to such fine and such imprisonment.

Supply of television receivers

5. (1) The following conditions shall apply to the supply of television receivers—

- (a) with effect from the date of commencement of these regulations the manufacture of or importation into Zimbabwe of analogue television transmitters is prohibited;
- (b) all suppliers of set top boxes shall be registered with the Authority;
- (c) suppliers of set top boxes shall supply to the public set top boxes that are in conformity with the receiver standards set out in these regulations and have been type approved by the Authority; and
- (d) suppliers of set top boxes shall provide the buyer with a written guarantee in respect of compliance with the minimum receiver specification, including transmission standards, and in the case of television sets the distinction between an analogue television set, an Integrated Digital Television set (IDTV) and a monitor;
- (e) with effect from two years of the date of commencement of these regulations the manufacture of or importation into Zimbabwe of analogue television sets is prohibited.

(5) The Broadcaster shall provide the Multiplex Operator with at least seven days of Electronic Programme Guide information, which should include NOW and NEXT programmes, in the format required by the Head End Operator for the generation of Electronic Programme Guide.

(6) The use of Multiple-language audio shall be provided as may be required in terms of any statute.

(7) The use of subtitling and captioning shall be supported and shall also be used as maybe required in terms of any statute.

(8) The use of a Station ID is mandatory.

4. Network Interfaces

All broadcast network interfaces, including those used inside studio facilities, shall support the High Definition picture format.

5. Multiplexing of Programmes

(1) The multiplexing of programmes shall be in accordance with ISO/IEC 13818-1.

(2) The following channel multiplexes are established by the Authority:

- (a) Multiplex A corresponding to Network 3
- (b) Multiplex B corresponding to Network 4
- (c) Multiplex C corresponding to Network 5
- (d) Multiplex D corresponding to Network 6

6. Allocation of Multiplex Capacity to Licensees

The Authority allocates these multiplexes as follows:

- (a) Multiplex A–Public Broadcaster
- (b) Multiplex B–Other licensees
- (c) Multiplex C–Reserved
- (d) Multiplex D–Reserved

7. Receiver Standards for the fixed reception environment

(1) All television receivers shall be capable of turning to the UHF television band as specified in these regulations.

(2) All television receivers shall be capable of receiving television signals transmitted in compliance with the Terrestrial Transmission Standards set out in these regulations.

(3) All television receivers shall be able to de-multiplex the MPEG-2 Transport Stream (TS) in accordance with ISO/IEC 13818-1.

Broadcasting Services (Digital Terrestrial Television Broadcasting Services) Regulations, 2020

(3) The following operating modes are approved:

- Normal mode
- Input Mode B (Multiple PLP)

(4) The transmitter equipment and sites shall comply with the following technical parameters:

Transmitter power: as per Plan

Transmitter frequency: as per Plan

Frequency tolerance: 500 Hz

2 kHz < 100W pep

5 kHz < 1W pep (V)

10kHz<1W pep (U)

Level of spurious emissions: 60dBc, < 12mW for UHF.

Spectrum mask: non-critical

Antenna pattern: as per Plan

Transmitter site location: as per Plan within a 15km radius

3. Studio Standards

(1) For use in the studio and for other video productions, including international exchange of programmes, with the exception of historical material and breaking news, the 4:2:2 coding standard or better shall be used in accordance with ITU-R BT 601 or BT 709 for 625-line, 50 fields/s system, 16:9 aspect ratio and 13.5MHz or 74.25MHz sampling frequency respectively.

(2) All television studios shall deliver for transmission all picture formats at 4:2:0 sampling rate.

(3) All video signals shall be compressed to the MPEG-4 AVC/Part 10/ H264 standard in accordance with ISO/IEC 14496-10 for image coding with the following video parameters:

AVC Profile	High
AVC Level	4.0
Frame Rate	25 or 50
Aspect Ratio	16:9

and ISO/IEC 14496-3 for sound coding using HE-AAC.

(4) The studio output signal to the Head-end shall be an MPEG-2 Transport Stream to ISO/IEC 13818-1.

(2) Any person who contravenes the provisions of this section shall be guilty of an offence and liable to a fine not exceeding level 12 or to imprisonment for a period not exceeding six months or to such fine and such imprisonment.

Rights and duties of broadcasters, multiplex operators and signal carriers

6. (1) Subject to section 5, the signal carrier shall ensure that the current services of the Public Broadcaster shall continue to be made available as analogue until the end of the transition period.

(2) The signal carrier shall ensure that all areas currently receiving analogue television services receive digital services by the end of the transition period and shall be received as digital services after the transition period.

(3) There shall be a National Head-end to be operated by the Signal Carrier as a Head-end Operator, where all television services shall be multiplexed for distribution to the transmission network.

(4) In operating the National Head-end the Head-end Operator shall generate Electronic Programme Guides which include NOW and NEXT programmes and programme information for at least seven days.

(5) The Head-end Operator shall employ statistical multiplexing at the National Head-end and shall provide the Authority with information relating to available programme capacity which does not result in overflow at the transmitter.

(6) Broadcasting licensees, the Head-end Operators and Signal Carrier licensees shall enter into relevant service level agreements in respect of signal availability, coverage, video and sound quality, and compliance with the standards set out in these regulations.

(7) The service level agreement referred to in subsection 6 may include compensation for failure to provide service by any party to the agreement.

Allocation of frequencies

7. (1) The Authority shall allocate television broadcasting frequencies to each multiplex.

(2) The Public Broadcaster shall be entitled to capacity equivalent to one multiplex for the provision of public broadcasting services.

(3) One multiplex shall be allocated to other broadcasters for the provision of commercial television broadcasting services.

(4) The fees payable in respect of each frequency shall be the sum of the fee chargeable per service whether the service is actually provided or not.

Licensing of digital television services

8. (1) The Public Broadcaster shall, for the purpose of the regulations be deemed licensed to provide all television services already licensed on the analogue platform prior to the date of commencement of these regulations, and shall apply for licences to bring into use the remaining capacity.

(2) The *de-facto* standard for all channels is High Definition.

Powers of the Authority

9. (1) Subject to the Act, the Authority shall have the power to order a broadcasting licensee, Signal Carrier licensee, Multiplex Operator, receiver supplier or any other person to whom these regulations apply to comply with these regulations.

(2) The Authority may determine which of the existing analogue television transmitters may continue to operate after the transition period taking into account compliance with International Telecommunication Union GE-06 Agreement.

(3) Subject to the law which may be in force, the Authority may direct any licensee to share its infrastructure with other licensees in circumstances where the Authority determines that such infrastructure cannot easily be duplicated or reproduced. However, such direction shall not waive the payment of reasonable access fees and shall be subject to technical limitations and security concerns.

(4) The Authority reserves the right to ensure that there is non-discriminatory access to facilities or to the supply of services by any persons to which these regulations apply.

Offences and penalties

10. Without prejudice to the power of the Authority to suspend or revoke any broadcasting or signal carrier licence; any Broadcasting Licensee, Signal Carrier Licensee, Head-end Operator, receiver supplier or any other person to which these regulations apply who

contravenes these regulations shall be guilty of an offence and liable to a fine not exceeding level 12 or to imprisonment not exceeding five years, or to both such fine and such imprisonment.

SCHEDULE (Section 4)

DIGITAL TERRESTRIAL TELEVISION STANDARDS (470-694 MHz)

1. Frequency bands

(1) Digital television services shall be provided in the UHF television band from 470 to 694 MHz in accordance with the International Telecommunication Union GE-06 Agreement.

2. Transmission Standard

(1) The digital television transmission standard shall be the Second Generation Digital Video Broadcasting (DVB-T2) standard to European Telecommunications Standard Institute (ETSI) EN302755 in an 8MHz channel.

The DVB-T2 operating mode, including the choice of system parameters shall be approved by the Authority.

(2) The system parameters shall be selected from the table below:
