Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting; it will be classed as “lengthy” copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days’ notice if—

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy—

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, “Insolvency Regulations—Form 3”.

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor’s code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist’s error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist’s work.

GOVERNMENT GAZETTE

Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the “Conditions for Acceptance of Copy”, which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,
Gazette Editor.

- (d) an affidavit from the applicant deposing to such facts as the Director of the Department of Land Management or Legal Adviser may require.

Consideration of applications by committee

7. (1) For the avoidance of doubt, it is declared that these regulations do not confer a right or legitimate expectation to obtain title to any piece of acquired agricultural land upon persons who may otherwise qualify to obtain such title.

(2) In considering whether to recommend any application for approval by the Minister the committee shall take into account any of the following considerations as seem to it to be relevant to the application—

Land Commission (Gazetted Land)(Disposal in Lieu of
Compensation) Regulations, 2020

- (a) whether the farm in question is wholly or partially occupied by A1 permit holders or holders of 99 year leases;
- (b) whether the applicant in question is in occupation of the farm or a part of it;
- (c) whether (on the basis of previous policy directives issued by the Minister that are known to the committee) granting the application would be contrary to the interests of defence, public safety, public order, public morality, public health, regional or town planning or the general public interest.
- (d) whether the State on its own discretion, prefers to pay compensation in respect of the acquired agricultural land in question.

Procedure after consideration of application

8. (1) If in the opinion of the committee—
- (a) an applicant qualifies to obtain title to a farm in part or in full, the committee shall make the appropriate recommendation to the Minister;
 - (b) an applicant does not qualify to obtain title to a farm in part or in full, the committee shall inform the applicant in writing accordingly and give him or her reasons why he or she does not qualify.
- (2) In considering a recommendation of the committee, the Minister shall invite the Land Commission to make representations, if any, on the recommendation within a period (not being less than seven days) specified by the Minister.
- (3) The Minister may reject any application on the basis that granting it would be contrary to the interests of defence, public safety, public order, public morality, public health, regional or town planning or the general public interest.
- (4) The Minister shall notify every applicant in writing of the outcome of his or her application and, where the application is rejected, the reasons for the rejection.

(5) The Minister's decision upon an application shall be final.

(6) If the Minister accepts a recommendation to alienate any piece of acquired agricultural land, the Minister shall direct the Director of the Department of Land or the Legal Advisor to inform the applicant in writing accordingly.

(7) The Minister shall ensure that a person whose application has been successful receives transfer of the land in question under individual registered title.

Effect of alienation

9. (1) Alienation of a piece of acquired agricultural land comprising a farm to a qualifying applicant in terms of these regulations shall be a final settlement of any claims that the applicant may have from the State in respect of compensation.

(2) Alienation of a piece of acquired agricultural land comprising only part of a farm to a qualifying applicant in terms of these regulations shall be a final settlement of any claim for compensation to the extent that the application is successful.
