**INFRASTRUCTURE DEVELOPMENT BANK OF ZIMBABWE (IDBZ)**

**Request for Expression of Interest for the Integrated River Basin Management Study (Firms Selection)**

IDBZ.41 of 2020. Engagement of a Consulting Firm to undertake a study on Integrated River Basin Management - Pilot Case: Gwebi River.

**1. Background and Rationale**

On the 31st October, 2019, the Infrastructure Development Bank of Zimbabwe (IDBZ/ "the Bank") and the Environmental Management Agency (EMA) signed a Framework Agreement for undertaking of a study on the Gwebi River catchment area formally entitled Integrated River Basin Management - Pilot Case: Gwebi River. The two institutions are acutely aware of the fact that river catchments countrywide are negatively affected by the various land uses that compete for space and that if these land use activities are not managed in an integrated manner, they have the potential to compromise the long-term conservation status of the catchments and sustainability of water resources. River basins in Zimbabwe are undergoing tremendous changes arising from various land uses that are competing for space and are often conflicting. Basins that host the major urban settlements are particularly at risk from a wide range of land uses that exist while others are being proposed. If these land use activities are not well co-ordinated, they have the potential to compromise the long-term conservation status of these river basins. There is therefore need for an integrated approach to river basin management for the purpose of both avoiding potential land use conflicts and for enhancing the conservation status of the basins.

In view of the foregoing, the Infrastructure Development Bank of Zimbabwe (IDBZ/ "the Bank") and the Environmental Management Agency (EMA) are jointly working on an integrated river basin management study focusing on national river basins *vis-à-vis* infrastructure projects development along same, starting with the Gwebi River basin as a pilot. The Framework Agreement requires IDBZ to finance all activities leading to the successful implementation of the study. In this vein the IDBZ would like to engage a competent consulting firm to undertake a study on Integrated River Basin Management - Pilot Case: Gwebi River.

**2. Scope of services**

The scope of the assignment is outlined below:

- Identify and map all proposed national and local socio-economic activities within the catchment area and model their impact on the catchment's conservation status;
- Establish the statutory land uses along the river catchment and prepare an up to date land use map;

- iii. Map out conservation and prohibition zones along the river basin, and conduct an analysis of the statutes concerning the prohibition(s);
- iv. Establish the strategic fit for catchment management in the national and local economic development agenda;
- v. Study the Gwebi River catchment topography (stream power index, sediment transport index, wetness index, drainage network extraction, drainage network ordering) and propose conservation measures;
- vi. Conduct (10/20/50/100-year return flood) hydrological impact studies for proposed developments in the catchment in the face of projected climate change scenarios;
- vii. Stakeholder Consultation.

### 3. Objectives of the IRBM Study

The proposed study aims at finding means of ensuring that the various developments taking place in the Gwebi River basin are harmonised and rationalised so that these activities do not end up compromising natural resources conservation within the basin. Knowledge generated from the study is expected to inform infrastructure projects development processes not only within the Gwebi River basin but in other similarly circumstanced river basins countrywide.

## Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
- (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.
- (2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.
- (3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.
2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.
- (2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks—not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.
- (2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.
- (3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.
- (4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards—not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy—
  - (a) exceed 10 pages of double-spaced typing on size A4 paper; or
  - (b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.
- (2) Lengthy copy may be accepted at less than 21 days' notice if—
  - (a) the work involved is of a straight forward and non-tabular nature; and
  - (b) the total volume of work on hand for the time being permits its acceptance.
6. Notwithstanding anything to the contrary contained in these conditions, any copy—
  - (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
  - (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition to a company, in George Silundika Avenue (between Sixth Street and Epton Street), Harare. Envelopes should be marked: *Gazette* copy—urgent.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, “Insolvency Regulations—Form 3”.

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out—

- (a) the name and address of the advertiser; and
- (b) the debtor’s code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions—

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt—

- (a) a typographical error is made by a typographer;
- (b) a typist’s error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist’s work.

#### GOVERNMENT GAZETTE

##### Submission of Copy for Government *Gazette* Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the “Conditions for Acceptance of Copy”, which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,  
*Gazette* Editor.

Printflow (Private) Limited,  
George Silundika Avenue (between Sixth Street  
and Epton Street), Harare (PO. Box CY 341, Causeway).
