GOVERNMENT GAZETTE

Conditions of Acceptance of Copy

FAILURE to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in—

- (a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and
 - (b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;
- which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, "copy" means copy for all matter contained in the *Gazette* itself and for subsidiary legislation issued as supplements to the *Gazette*.

1. (1) Other than by prior arrangements, only original typing is accepted.

(2) Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

(3) Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

2. (1) All copy must be clear and legible, and there must be double or one and a half spacing between the lines.

(2) Any corrections or alterations made by the originator, must be clearly effected in blue or black ink, using editorial marks — not proof-reader's marks:

Provided that any copy containing extensive alterations will be rejected.

3. (1) Copy must appear on one side only of each sheet of paper.

(2) Except as is provided in subsection (2) of section 8, paper must not exceed 210 millimetres in width.

(3) If copy comprises two or more sheets of paper, all sheets must be numbered consecutively, in arabic figures, preferably in the top right-hand corner.

(4) Where any matter is added after the copy has been prepared, and such additional matter results in one or more sheets being inserted between those already numbered, all sheets must be renumbered from there onwards — not, for instance 7, 7b, 8, *et cetera*.

4. Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

5. (1) Should any copy —

- (a) exceed 10 pages of double-spaced typing on size A4 paper; or
- (b) contain tabular or other matter which involves complicated setting; it will be classed as "lengthy" copy, and will be required to be submitted not less than 21 days before the date of closing for the *Gazette* in which it is to be published.

(2) Lengthy copy may be accepted at less than 21 days' notice if —

- (a) the work involved is of a straight forward and non-tabular nature; and
- (b) the total volume of work on hand for the time being permits its acceptance.

6. Notwithstanding anything to the contrary contained in these conditions, any copy —

- (a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
- (b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.

7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.

8. (1) In cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations — Form 3".

(2) In the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.

9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out —

- (a) the name and address of the advertiser; and
- (b) the debtor's code number, if any; and
- (c) the required date or dates of publication.

10. If a typographical error occurs in the *Gazette*, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions —

- (a) that such error is reported to the editor within three months from the date of publication; and
- (b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
- (c) that the correction of such error is legally necessary.

(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.

(3) For the removal of doubt —

- (a) a typographical error is made by a typographer;
- (b) a typist's error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist's work.

GOVERNMENT GAZETTE

Submission of Copy for Government *Gazette* Statutory
Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appears in every issue of the *Gazette*; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the *Gazette* in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the *Gazette* after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a *Gazette* Extraordinary has tended to be a must rather than a matter of priority in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinaries on the required dates, copy must be submitted timeously so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA,
Gazette Editor.

FINANCE BILL, 2022

MEMORANDUM

This Bill will amend the Finance Act [*Chapter 23:04*], the Income Tax Act [*Chapter 23:06*], the Value Added Tax Act [*Chapter 23:12*], the Capital Gains Tax Act [*Chapter 23:11*], the Customs and Excise Act [*Chapter 23:02*] and the Revenue Authority Act [*Chapter 23:11*]. These amendments will give effect to certain fiscal measures mentioned by the Minister of Finance and Economic Development in the National Budget Statement delivered on the 8th August, 2022, and make certain modifications to improve revenue collection and administration. In more detail, the individual clauses of the Bill provide as follows:

Clause 1

This clause sets out the Bill's short title.

Clauses 2 and 3

With effect the 1st August, 2022, these clauses will reset the Tax-Free Threshold on local currency remuneration from ZW\$300,000 to ZW\$600,000 per annum and also adjust the tax bands to end at ZW\$12 million from the current ZW\$6,000,000 per annum, above which tax will be levied at a rate of 40 percent.

Clause 4

This clause will increase the rate of automated financial transactions tax (the tax payable on cash withdrawals effected through an A.T.M.) to 5 ZW cents per withdrawal of ZW\$1000, or 5 US cents for withdrawals of USD 1000 or less, or 2% of the value of a withdrawal in excess of USD 1000.

Clause 5

This clause will increase the rate of withholding tax chargeable to cross border traders who do not produce a Tax Clearance Certificate, from 10% to 30%, with effect from 1st August 2022.

Clause 6

Section 22G sets the rate for IMTT and provides for the minimum amount below which IMTT will not be charged as well as an upper limit of IMTT for very large transactions above a certain threshold. This clause will reset the value of the tax-exempt transactions from ZW\$1,000 to ZW\$2,500. In the case of corporates, it will reset the maximum tax payable per transaction from the current ZWL\$1,320,000 to ZWL\$3,300,000 on transactions with values exceeding ZWL\$165 million. In the case of foreign currency denominated transfers, the maximum tax payable per transaction is reset from US\$10,000 to US\$20,000 on transactions with values exceeding US\$500,000

Clause 7

This clause confirms a temporary reduction earlier in the year in the rate of strategic reserve levy referred to in section 22H in the Finance Act. It also therefore, confirms certain regulations made in terms of section 3 of the Finance Act.

Clause 9

This clause reinstates the exclusion from "gross income" of half the value of the tuition and boarding fees benefit that would otherwise be payable by the member of staff of a school for any child of his or hers (not exceeding three children) who is a student at that or another school.

Clause 11

Currently, any amount paid by a taxpayer in excess of the allowable deduction for expenditure incurred by a local branch or subsidiary of a foreign company, or by a local company or subsidiary of a local company, in servicing any debt or debts contracted in connection with the production of income, is deemed to be payment of a dividend upon which residents shareholder's tax is charged. This clause will extend the same principle to any amount paid by a taxpayer in excess of the allowable deduction for expenditure incurred on fees, administration and management in favour of a company of which the taxpayer is an associated enterprise, or (where the company is a foreign company) the local branch.

Clause 12

Presently, taxpayers are compelled to convert their income and expenditure qualifying for deduction to local currency when assessing their tax liability. Thereafter, the tax liability is split into local and foreign currency on the basis of the ratio of revenue generated in either currency. In order to mitigate against the risk of over or understating tax, this clause will compel taxpayers trading in more than one currency to prepare two separate tax returns in the currency of trade. The expenditure qualifying for deduction under each tax return will be determined by the ratio of local to foreign currency income.

Clause 13

Section 80 of the Income Tax Act provides that if persons who enter into contracts with the Government or statutory bodies have not submitted income tax returns for the most recent year of assessment, the Government or the statutory body concerned will be obliged to withhold 30% of all payments due to them under the contracts and pay the withheld amounts to the Commissioner.

This clause changes the monetary amounts mentioned in the definition of "contract" and also reinserts the words "over the years of assessment" that were mistakenly omitted from that definition in the last Finance Act.

Clause 14

This clause extends the income tax exempt status granted to the Post Office Savings Bank in 1997 (in view of its role in servicing previously unbanked communities and encouraging savings) to the People's Own Savings Bank as the successor to the earlier POSB.

This clause will also reset the local currency tax-free bonus threshold from ZW\$100,000 to ZW\$500,000 with effect from 1 November 2022

Clause 15

In order to facilitate registration of all non-resident employees for PAYE tax, this clause will mandate the sharing of data on non-resident work permits between ZIMRA and the Department of Immigration

Clause 16

The definition of financial services, in virtue of which providers of such services are subject to IMTT, presently excludes Authorised Dealers with Limited Authority (money transfer agents) registered in terms of the Exchange Control Act, giving these dealers an unfair competitive advantage over mobile banking services and other banking institutions registered in terms of the Banking Act. This clause seeks to extend IMTT to the internal transfer of money by Authorised Dealers with Limited Authority registered in terms of the Exchange Control Act.

Clause 17

This clause will include the definition of “electronic commerce operator” in the VAT Act for ease of VAT administration

Clause 18

This clause will suspend the operation of section 12D (‘Collection of tax on exportation of unbeneficiated platinum, determination of value thereof’) of the Value Added Tax Act indefinitely with effect from the 1st January, 2022, subject, however, to certain conditions prescribed by this clause.

Clause 19

This clause removes the discretionary power of the Commissioner to allow tax invoices for purposes of claiming input tax that are submitted by a registered operator after the expiry of the statutory period of twelve months.

Clause 20

This clause reverses, in the interests of the fiscus, the common law presumption that a judicial appeal against an administrative decision suspends the operation of the decision.

Clause 21

This clause will align the Value Added Tax to the provisions of the Reserve Bank Act with respect to the recognition of electronic currency as legal tender with effect from 1 February 2019.

Clause 22

Although the Value Added Tax Act provides for penalties and interest for non-payment of tax, failure to remit tax timeously is, however, not an offence. This clause will insert a new section creating the offence in question and imposing the appropriate criminal penalty.

Clause 24, 25 and 27

These clauses impose a capital gains tax of 40% on shares disposed of less than 270 days from the date of purchase, with effect from 1 May 2022.

Clause 28

This clause will, for the benefit of VAT registered operators whose sales and purchases are transacted in different currencies, afford them the option to pay duty in foreign currency to facilitate offsetting of output and input tax in the same currency, with effect from 1 September 2022.

Clause 29

This clause, which amends the section of the Customs and Excise Act providing for the procedure on seizure and forfeiture, will require that contraband cigarettes (as therein defined) must be destroyed instead of auctioned.

Clause 30

Following the launch of the Electronic Single Window implemented through the ASYCUDA system, it became evident that there was a need to regulate the access to border posts of unauthorised agents. This clause seeks to designate ZIMRA, in the interim, as the temporary Border Ports Authority until legislation to establish such an Authority on a permanent basis is enacted. ZIMRA as the Border Ports Authority will coordinate the cargo and also ensure orderly, efficient and reliable Port services.

Clause 31

Despite the provision for tax payment in the currency of trade, this clause, in the interest of promoting use of the local currency, will mandate that royalties must be paid in both local and foreign currency in the ratio of 50:50.

Clause 32

This clause amends the part of the Finance Act [*Chapter 23:04*] concerned with the fixing of royalties on the sale of minerals. It will increase the royalty on platinum to 5% and introduce a royalty of 5% on lithium.

Clause 33

This clause increases the number of supplemental ZIMRA Board members from the current eight to ten, with effect from 1 July 2022.

Clause 34

This clause incorporates into the Exchange Control Act certain civil penalties imposed by Presidential Powers Regulations earlier this year.

Clause 40 and Schedule

The effect of these provisions is to revise monetary values in various tax statutes.

(4) A judgment given by a court in terms of subsection (3) shall have the same force and effect and may be executed in the same manner as if the judgment had been given in a civil action instituted—
